Presentation of selected works
Update date: February 2019

About Us

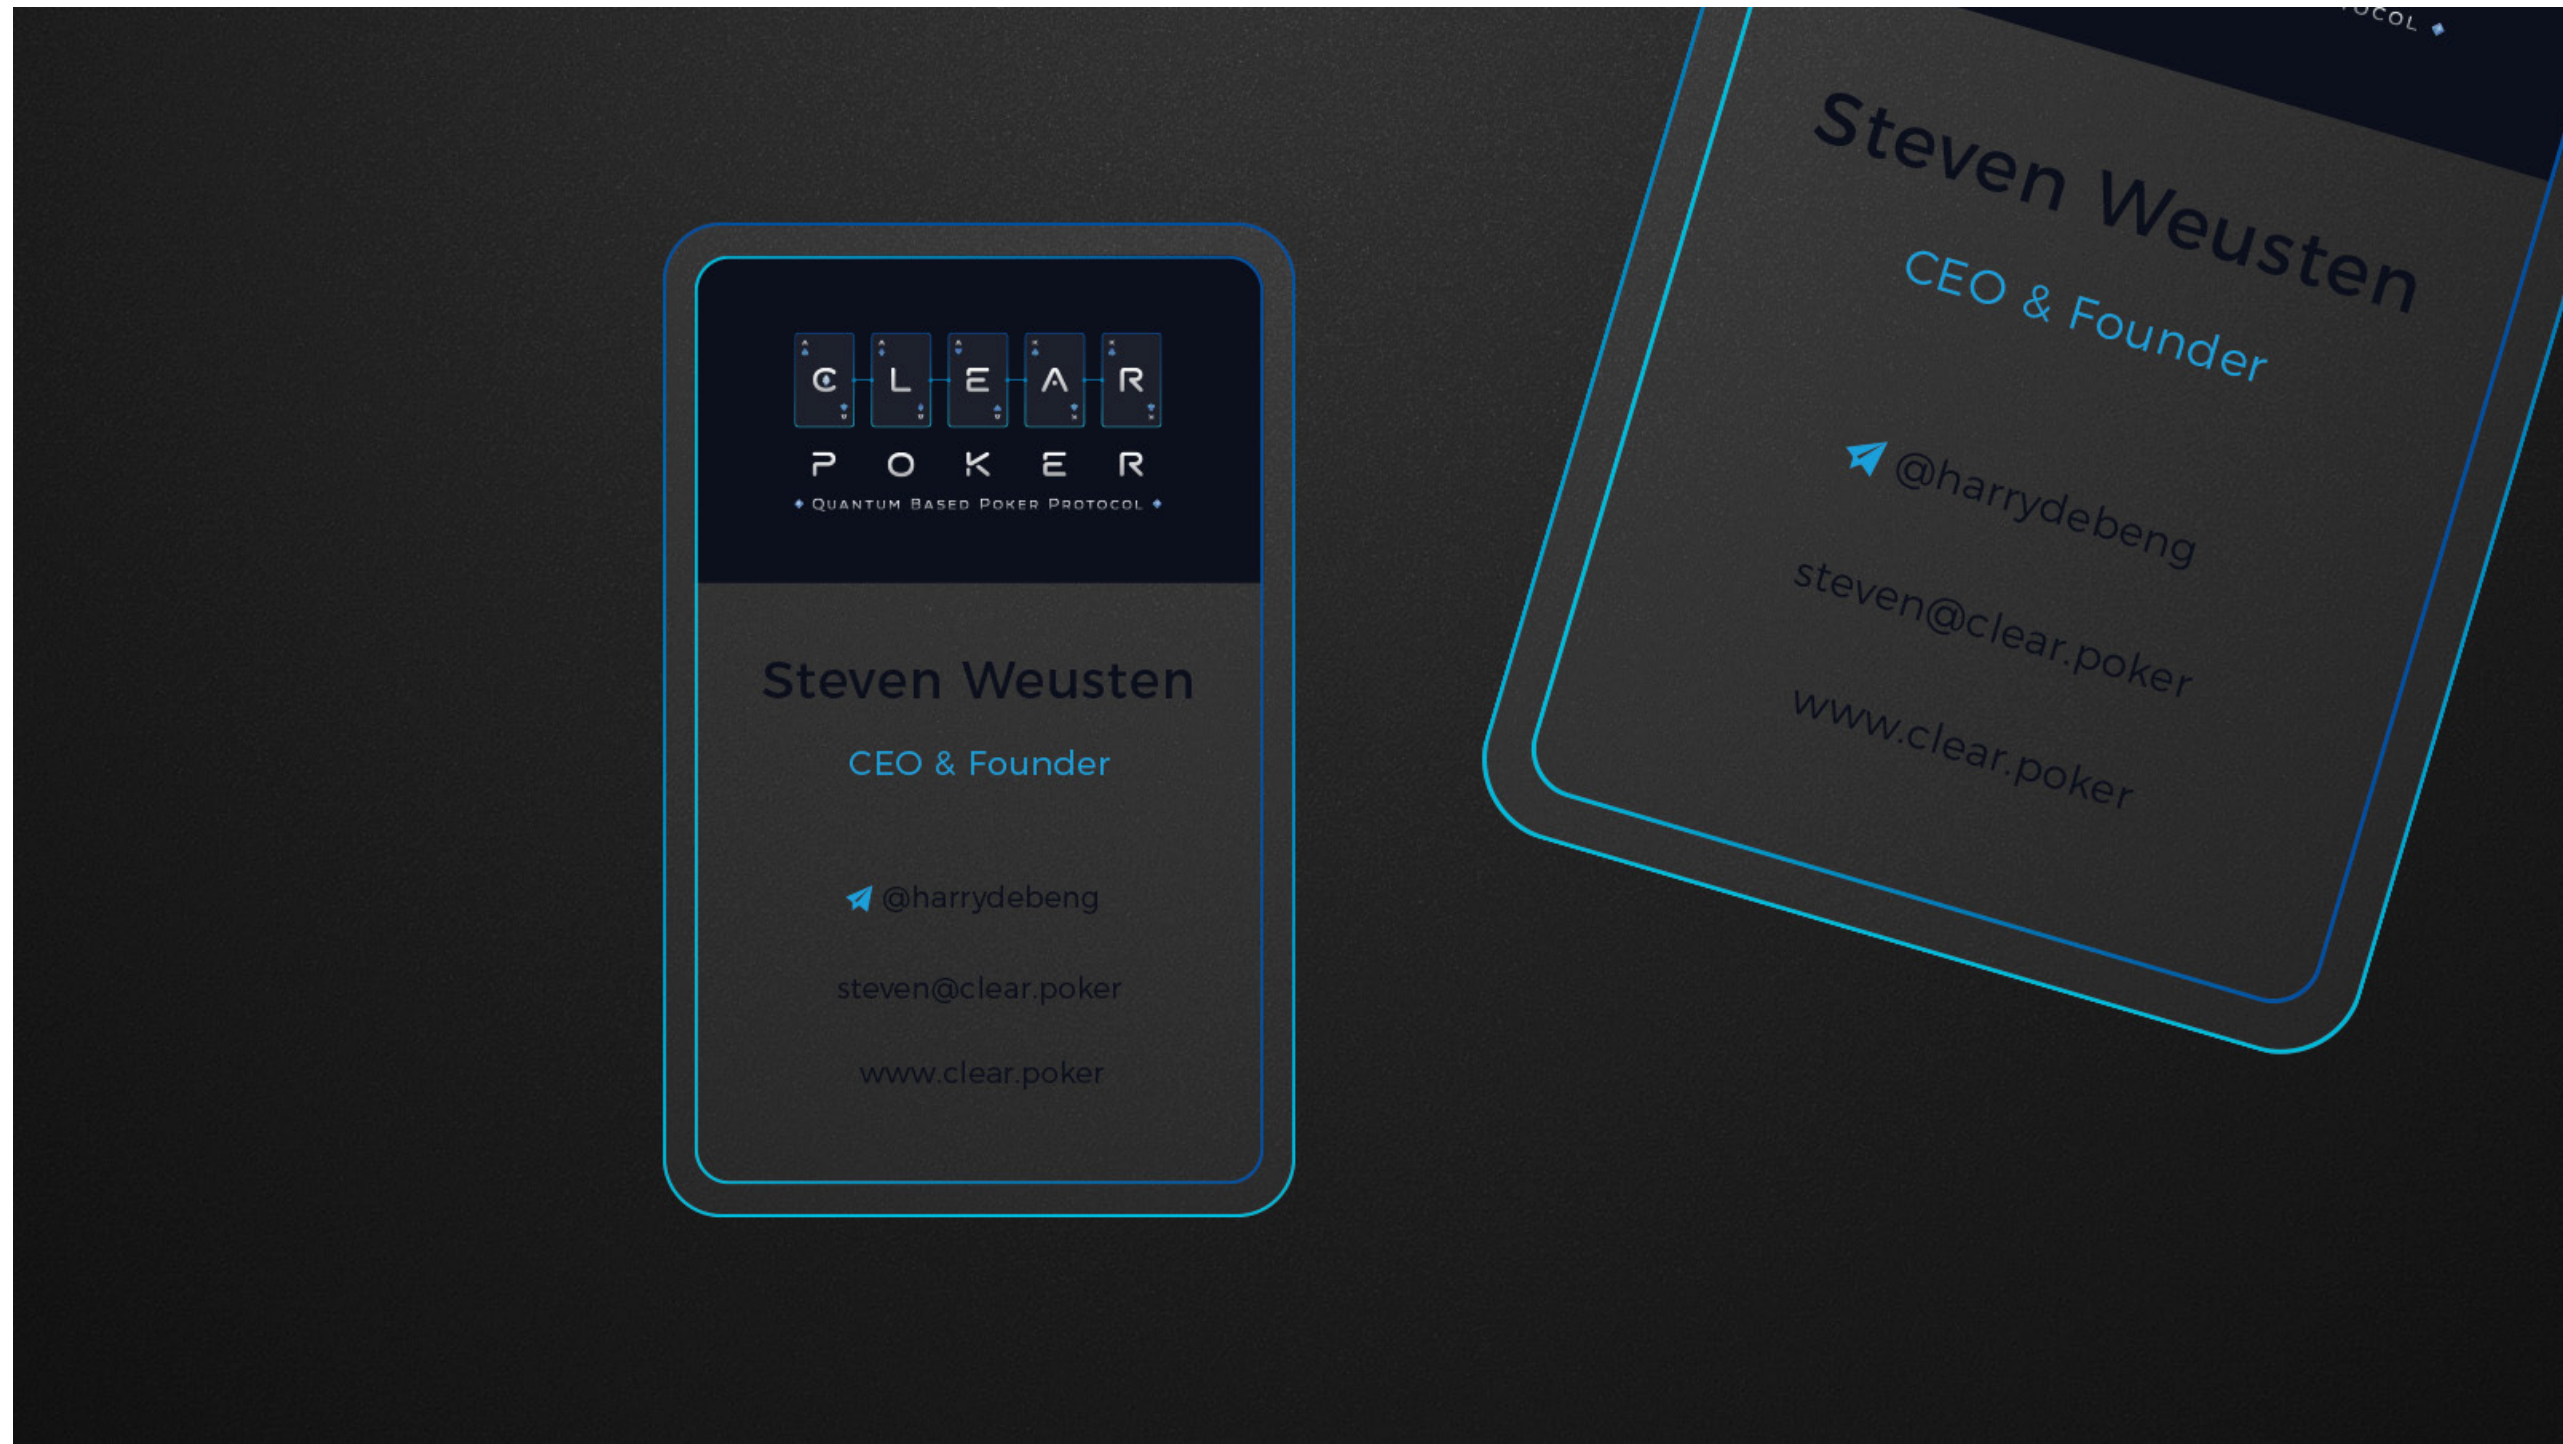

We aim to provide smart contract development with smart people who bring smart solutions. Hence, smarties. Started in 2017, we provide smart contract development for all sorts of projects. Our goal is to provide meaningful solutions to meaningful projects.

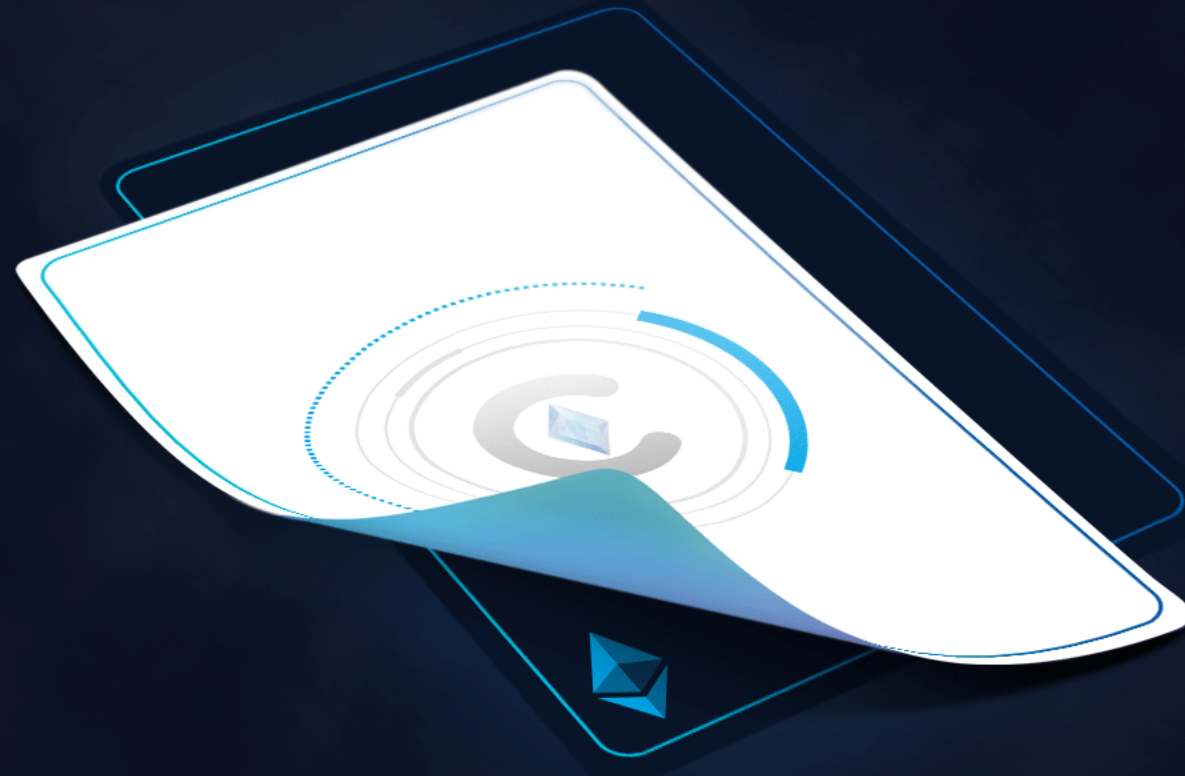

This includes ICO token smart contracts, MVPs of various types, and general blockchain consulting. Overall we aim to push businesses to look at organizing themselves with blockchain as the core of their technology. Ranging from DAOs to tokenization of assets.

BASKETBALL FIT PLAY

BASIC BRAND IDENTITY

01 CORPORATE LOGO SYSTEM

Our Logo is the key building block of our identity, the primary visual element that identifies us.

The logo is a combination of the symbol itself and our company name – they have a fixed relationship that should never be changed in any way.

THE LOGO INTRODUCTION

THE FULL LOGOTYPE

The Soccer Basketball Play or Corporate Logo comprises two elements, the logo symbol and logo type. The logo symbol is the most recognizable image of the basketball ball falling into the basket.

LOGO LIGHT VERSION

LOGO DARK VERSION

The Logo Light Version will be used when the background color is light colored.

The Logo Dark Version will be used when the background color is dark colored.

Recommended formats are:
.eps | .ai | .png | .jpg | .tiff

Attention:
Use of any stylized, animated, hand drawn or other versions of a unofficial logo is not permitted. This undermines the logo system and brand consistency. Please consult with Soccer Basketball Play Trademark Licensing if you have any questions or need further help.

02 CORPORATE TYPOGRAPHY SYSTEM

Typographic hierarchy is another form of visual hierarchy, a sub-hierarchy per se in an overall design project. Typographic hierarchy presents lettering so that the most important words are displayed with the most impact so users can scan text for key information. Typographic hierarchy creates contrast between elements. There

are a variety of ways you can create a sense of hierarchy. Here are some of the most common techniques for Basketball Fit Play layouts.

04 CORPORATE COLOR SYSTEM

THE PRIMARY COLOR SYSTEM AND COLOR CODES

Consistent use of these colors will contribute to the cohesive and harmonious look of the Basketball Fit Play brand identity across all relevant media. Check with your designer or printer when using the corporate colors that they will be always be consistent.
